

INDIVIDUAL DATA SHEET

Property Name Lillard-Sprague House Property Owner Paul Sprague-Sargen
 Location Pleasant Grove Road, Rogers Address Route 2
 Construction Date 1907 Survey No. 2110 Rogers, AR

DESCRIPTION

The Lillard-Sprague House is a one-and-one-half story frame prow house, i.e. a T-shape plan with a forward-projecting stern, encircled by a wrap-around porch. The forward wing (or prow) is flanked by entrance doors leading to the cross wing. Classical details of the porch include a pedimented central bay and six classical columns springing from square masonry piers. Large double-hung windows are centered in wall panels around the entire house. The small second half-story is confirmed by small square windows in the front gable. A narrow one-room addition has been built across the rear facade, keeping intact the axial symmetry of the house.

STATEMENT OF SIGNIFICANCE

Criterion: C Area of significance: architecture

The Lillard-Sprague House was built in 1907 by owner R. E. Lillard. The plan form of the residence is a familiar and often-repeated T-shape, with a leg of the T projecting forward, a vernacular plan form developed as an expansive variant of the simple double-pen cottage. The building is significant architecturally as an excellent example of this adaptation. Mr. Lillard simply expanded the customary scale of the common "prow house," embellishing the enlarged model with a generous wrap-around porch in the Classical Revival style. One minor modification, a narrow one-room addition across the rear, detracts little from the original architectural integrity.
